### **Kona Blend**

Our Kona Blend is a specialty blend from the Kona Region in Hawaii and the Baru Volcan Region in Panama.

Both regions share a critical characteristic...deep, rich volcanic soil. This soil infuses a sweet, full bodied taste profile.

### **Kenya Blend**

Our Kenya Blend has a full bodied taste profile that combines crisp Kenya AA with ultra smooth Sumatra.

As these two great coffees entice your palette you should pick up the subtle notes of citrus and wine.
